FALL WINTER COLOR COLLECTION

**To the Moon and Back** è un viaggio nello spazio dove cromie di riflessi metallici si incontrano con bagliori scintillanti, dando vita a look ricercati, glamour e altamente versatili. I toni sono glow, i background scuri, l'ambientazione industrial, gli outfit notturni e laminati. Una luce inedita illumina le chiome: il biondo cenere è perlato, l'argento è scintillante, cangianti riflessi irisé si mescolano a sfumature mogano dall'effetto cristallo. I giochi di contrasti valorizzano ogni personalità e danno all'eleganza della Collezione una sferzante anima rock.
